

Jones Institute

About The Practitioner List

- The Jones Institute website was established in 2004 and thus the Practitioner List (online course history) was also established. (Older course history is not online.)
- Jones Institute has been teaching across the U.S. for over 26 years so we highly recommend speaking with local practitioners regarding their Jones Institute training in Strain Counterstrain (SCS) and how often they use SCS.
- The Practitioner List is a voluntary feature and Jones Institutes will not provide information on practitioners who do not wish to be listed.
- Searching for a practitioner:
 1. Return to the homepage
 2. In the box "*Quick Links & Information*" (blue box) click on 'Search For Practitioner'.
 3. When the window opens enter ALL of the requested information on the left side of the screen.
 4. Opening the miles up to a minimum of 50 miles will give you better search results.
 5. Click submit.
- The only information that shows is the Practitioner's name, credentials, work telephone, city, state and training.
- Jones Strain Counterstrain practitioners are training and SCS is expanding all the time. If you do not see a practitioner in your area today that can change next week or month or year... Be sure to check again in the future!

Thank You
